Local Energy Alliance Program (LEAP)
ATTN: Ryan Van Patten
Solarize Piedmont Outreach Coordinator
3040 Williams Dr., Suite 200
Fairfax, VA 22031

Dear Ryan,

I have received the additional information on the Solarize Piedmont campaign, looked over the website, and agree to provide the documentation requested.

In signing and submitting this letter, I formally declare my interest in purchasing a photovoltaic (PV) system for my home during the timeframe of the campaign, i.e., within the next four months.

I understand and acknowledge that an average PV system costs approximately \$20K prior to applying any federal tax credit, and I recognize that I will need to access such funds in the event of a purchase.

With this in mind, I understand the intent of Solarize is to help homeowners who are truly serious about purchasing a PV system to receive an on-site solar assessment, and I hereby request a free on-site solar assessment from one of the program's preferred installers.

I agree to respond to any outreach in a timely manner and to make myself reasonably available for the scheduling and conducting the no obligation solar assessment. And, I look forward to going solar!

Sincerely,

Signed: _____
