

**STOP AMAZON
STOP DOMINION**

**OUR COMMUNITY:
MORE AT RISK THAN EVER
KEY TAKEAWAYS**

1

The Amazon special use permit is inconsistent with the town's comprehensive plan; it should be denied; and, town officials have a lot more work to do

2

Town officials have not been transparent, and they cut the community out of the process

3

Approving the data center will result in miles of ABOVE-GROUND 110-foot tall steel power towers destroying our town, county and homes

4

The proposed facility will produce noise that will be heard up to two miles away exceeding Fauquier County and Town of Warrenton noise ordinance limits

5

Viewshed impacts are serious and extend well beyond Warrenton

6

This isn't about just one poorly-sited data center in town -- it's about opening up a market for many more to come

**STOP AMAZON
STOP DOMINION**

**OUR COMMUNITY:
MORE AT RISK THAN EVER
TAKE ACTION**

Request that the Mayor and Warrenton Town Council protect Warrenton by rejecting Amazon's data center:

Mayor Carter Nevill | cnevill@warrentonva.gov

Renard Carlos, At-large | rcarlos@warrentonva.gov

Sean Polster, At-large | spolster@warrentonva.gov

Heather Sutphin, Ward 1 | hsutphin@warrentonva.gov

Bill Semple, Ward 2 | wsemple@warrentonva.gov

Brett Hamby, Ward 3 | bhamby@warrentonva.gov

James Hartman, Ward 4 | jhartman@warrentonva.gov

Jay Heroux Ward 5 | jheroux@warrentonva.gov

**The time is NOW to prevent dramatic
and irreversible change to Warrenton
and Fauquier before it's too late**
